

**CALIFORNIA STATE SCIENCE FAIR  
2007 PROJECT SUMMARY**

<b>Name(s)</b> Adam Sefchovich	<b>Project Number</b> <b>J0633</b>
<b>Project Title</b> <b>To Remember, or Not To Remember? That Is the Question!</b>	
<p style="text-align: center;"><b>Abstract</b></p> <p><b>Objectives/Goals</b> To find the most effective learning tool that provides the most efficient and long lasting utilization of time and effort.</p> <p><b>Methods/Materials</b> To give a subject two tests one for short and the other long term memory, the first test will be based on the story the subject read aloud and the other test will be based on the recording that subject heard for long term memory.</p> <p><b>Results</b> Reading aloud is a much better learning tool for short and long term memory.</p>	
<b>Summary Statement</b> What is a better learning tool reading aloud or listening and what gives better short or long term memory.	
<b>Help Received</b> My science teacher helped proofread my report
